

TraCS
USE AND DISSEMINATION AGREEMENT
Between
New York State Police, the County of Westchester Department of Public Safety
hereinafter referred to as the "Lead Agency"
and
Village of Buchanan Police Department
herein after referred to as the "Participating Agency"

WHEREAS:

New York State Police (NYSP), working with the New York State Department of Motor Vehicles (DMV), the Governor's Traffic Safety Committee (GTSC), the Office of Court Administration (OCA) and other state and federal agencies, has developed a system for the electronic capture of ticket and accident report data in a police vehicle environment and the electronic transfer of that data from law enforcement agencies to DMV and courts. The system is called TraCS (Traffic and Criminal Software). Ticket and accident report forms have been developed and other law enforcement forms are planned for the future. DMV and the courts have approved these forms for official use. Data standards for ticket and accident report data have been agreed to between agencies for the electronic transfer of data. NYSP has developed an infrastructure and a limited capacity for local support.

It is the intention of NYSP to provide the TraCS software to any police agency in New York free of charge, based on NYSP support staff availability and the Lead Agency's ability to self-support.

NOW THEREFORE, in consideration of the terms and conditions herein contained, the parties agree as follows:

1. NYSP agrees to provide the current version of TraCS software (includes ticket, accident report and associated forms) to the Lead Agency at no cost to the Lead Agency.
2. This Agreement will become effective upon proper execution and will remain in effect for the duration of the program unless sooner terminated in accordance with the provisions of this Agreement.
3. This Agreement constitutes the entire Agreement between the parties hereto with respect to the subject matter hereof and shall supersede all previous negotiations, comments and writings. It shall not be released, discharged, changed or modified except by an instrument in writing signed by a duly authorized representative of each of the parties.
4. Each agency agrees:
Maintenance
To maintain all parts of the TraCS System under their control. The portion of the system "under agency control" includes:
 - The hardware and operating system associated with the in-vehicle equipment
 - The hardware and operating system associated with the in-station TraCS computer.
 - Backup & restoration of all system and production ticket and/or accident report data.

“Maintenance” generally means support, upkeep, repair and periodic duplication or “back-up” of records in order to safeguard the data. The Lead Agency will take reasonable measures to prevent or correct system trouble with any portion of the system “under their control”. If the Lead Agency determines any system trouble to be under NYSP control, it will notify and work with the proper NYSP representative.

5. The Participating Agency agrees:

1. This agreement is only for the use of TraCS by the Participating Agency. TraCS software will not be distributed beyond the Participating Agency without written approval from NYSP.
2. To abide by the provisions of the TraCS Users Agreement included in Appendix A.
3. To not alter the form(s) and TraCS database in any way without express written approval from NYSP and DMV.
4. To not introduce custom system enhancements during the Participating Agency implementation.
5. To contact the Lead Agency for all assistance with the implementation and use of the TraCS software.
6. To support reports, queries, ticket logs and any other analysis of the ticket data.
7. To coordinate the use of TraCS with local courts. However, the State Police will coordinate the assistance and response of OCA (Office of Court Administration) and DMV personnel to attend these meetings.
8. The TraCS system will be used for data entry and the electronic transfer of ticket data to and/or from DMV and the courts and the printing of ticket forms where courts are not yet online to receive electronic data.
9. Whereas a court is not yet able to accept electronic ticket data, to be responsible for printing and forwarding ticket copies to the appropriate court unless arrangements are made with individual agencies to print their own tickets and forward them to courts not yet ready to receive electronic data.
10. To supply equipment for use with the TraCS system, with the exception of any NYSP participation in the area. NYSP agrees that all NYSP equipment will be purchased, installed and supported by NYSP unless equipment is purchased by an entity for use by all agencies within a county or region.
11. To manage, support and ensure security is properly implemented within TraCS.

6. NYSP agrees:

1. To review, prioritize and schedule change requests for inclusion in future software releases. Change requests for “bug” fixes, system enhancements, form enhancements and routine change requests such as court address changes shall be directed to NYSP. Any enhancement that requires funding will be the responsibility of the Lead Agency to obtain the necessary financing and if the enhancement benefits multiple agencies, then the State Police will attempt to also obtain funding. No matter where funding comes from, NYSP and /or its contractors will make all changes to TraCS. Once TraCS begins statewide rollout, a TraCS steering committee shall be formed to prioritize TraCS enhancements, functionality requests, issues, etc.
2. Whereas each agency will have the opportunity to participate in the electronic transfer of data, via the NYSPIN infrastructure, to a gateway server in Albany (NYSP). This data will then be transferred to DOT, DMV, OCA, etc. for processing.

7. Both parties agree:

1. To develop a process for forms development by New York State agencies.
2. Representatives on the TraCS steering committee shall only be from agencies that have signed this agreement.
3. NYSP is the sole contractor and sole contact agency with Technology Enterprise Group, approved vendor of the TraCS system.
4. NYSP is the sole contractor with the Center for Transportation Research and Education at Iowa State University, approved vendor of the CTRE Location Tool used in the TraCS system.
5. The term of this Agreement shall commence upon execution thereof and continue for a period of five (5) years thereafter.
6. The Lead Agency and/or the Participating Agency may terminate this Agreement at any time by giving the NYSP reasonable advance notice.

IN WITNESS WHEREOF, the Participating Agency, the Lead Agency and the NYSP have executed this Agreement in triplicate:

Approved by the Westchester County Board of Legislators by Act No. 2024 -105 on the 3rd day of June, 2024.
